SPEAKERS' FORUM

VISION:

To become the most dynamic students' forum that transforms voices into influence, ideas into impact, and individuals into leaders. We envision a culture where every student, regardless of their background, finds the courage to speak, the clarity to inspire, and a stage to shine.

WHAT WE DO?

MENTORSHIP:

Language training beyond college hours is given exclusively for all the students who volunteer for this program through a detailed syllabus provided by a top corporate company. In addition, students are taught public speaking by doing ice-breaking sessions and workshops. For taking part in this programme, students are awarded certificates from the company in partnership for their participation and performance.

LANGUAGE TRAINING:

Continuous exclusive sessions are held to enhance students' soft skills like people skills, leadership, etc, to get through interviews and also to communicate effectively in their future academic as well as professional settings.

WORKSHOPS:

Geopolitics, Indian Polity, and performative speaking arts are taught to interested students in respective societies (MUN, DEBATE, and CULTURAL). The students will also represent the college in various events outside by being a part of the MUN Delegation, Debate Contingent, and Cultural team.

PRESENTATIONS:

We regularly train people on how to present their papers, ideas, and how to pitch during hackathons or any events. We teach students to understand the verbal and non-verbal etiquette and also give them the practice to answer questions confidently at these events.

HOW WE DO:

At Speakers' Forum, we know what it feels like to have something to say, but not know how to say it. We've all been there, hands shaking, voice trembling, thoughts racing. That's why we've built a space where your voice is acknowledged and made stronger.

Here, we don't throw you on a stage and say, "go speak.". We walk with you, step by step, building the confidence to stand tall, the clarity to speak well, and the presence to be remembered.

Here's how we make it happen:

- We recreate real pressure through **MUNs**, **debates**, and cultural events, not to scare, but to prepare you for the world. You'll learn how to stay calm under pressure, speak with purpose, and think on your feet like the leaders you admire as you step into their shoes and discuss pressing issues.

- Our public speaking classes are spaces for honest feedback, personal growth, and supportive learning.

- Through sessions on resume writing, group discussions, and interview skills, we help you grow into someone who not only sounds confident but *feels* confident in any room.

- With Computer-Assisted Language Learning, you'll get to fine-tune your accent, pronunciation, and fluency.

At the end of the day, we're not just building speakers.
We're building leaders who speak not just to impress, but to impact.

So,

In a world full of speakers, be the one they remember. Speakers' Forum is ready, are you?

PEOPLE BEHIND SPEAKERS' FORUM:

FACULTY COORDINATOR

Dr. T Murugavel, Professor and Head, HSS, SVCE

FACULTY IN-CHARGE,

Mr. S. ShriHari, Assistant Professor, HSS, SVCE
Ms. S. Siva Prathesha, Assistant Professor, HSS, SVCE

OFFICE BEARERS FOR THE ACADEMIC YEAR 2025-2026:

1. Pavan P, President, III YR – Electronics and Communication Engineering
2. Thejas Avila YP, Vice President, III YR – Artificial Intelligence and Data Science
3. Sai Aakash V, Director of Operations, III YR – Artificial Intelligence and Data Science
4. Akshara B, Director of Teams, III YR – Artificial Intelligence and Data Science
5. Sanjana Madankumar, Director of Mentorship, III YR – Information Technology
6. Dharanidharan N, Joint Secretary, II YR – Electrical and Electronics Engineering
7. Shaik Aadhil S, Treasurer, II YR – Artificial Intelligence and Data Science
8. Sai Harini B S, Head of Design, II YR – Electrical and Electronics Engineering
9. Athmaja G, Head of Content & Editorial, II YR – Electronics and Communication Engineering
10. Bhushika R, Head of Event Management, II YR – Artificial Intelligence and Data Science
11. Akshayath V, Head of Business Relations, II YR – Electronics and Communication Engineering
12. Abrar, Head of Tech, II YR – Electronics and Communication Engineering
13. E Shriram, Head of Social and Visual Media, II YR – Electrical and Electronics Engineering
14. M Hannah Felin, Convenor, DEBATE SOCIETY, II YR – Information Technology

15. Balapranav K, Head of Training and Development, DEBATE SOCIETY, II YR – Electrical and Electronics Engineering
16. Krishanth Balagopal, Head of Delegation, MUN SOCIETY, II YR – Computer Science Engineering
17. Guru Anirud V, Head of Research and Training, MUN SOCIETY, II YR – Electronics and Communication Engineering
18. Shawn Abraham - Head of Cultural Team, II YR – Electronics and Communication Engineering.
